"JULY FOURTH CELEBRATION"

Welcome to our Fourth of July Celebration. We are having a backyard party in honor of our nation's 250th Anniversary. The three Mandevillas are the colorful backdrop with the blue fescue grasses acting as fireworks between the red and white vines.

The blue ageratum and white allysum border the white steppingstones leading to the seating area. The Roses border the garden and are surrounded by white vinca. Our steppingstone depicting the flag is outlined by white allysum and the blue evolvulus.

The theme of red, white and blue is carried throughout the garden with spots of red dahlias, zinnias and geraniums, blue salvias and white pentas and cleomes. A blue fountain and gazing ball add to the festivities.

LET THE FIREWORKS BEGIN!
